HEALTH BOARD DOES BUSINESS.

Dr. Weddick of Kawaihau,
Kauai, Resigns.

TENDERS FOR SUPPLIES CLOSED.

Most of the Time of the Session Taken up in Informal Discussion - Letters From W. O. Smith Read by Minister Cooper - Petition From Lepers.

At the regular weekly meeting of the Board of Health yesterday afternoon, there were present President Emerson, Minister Cooper, Drs. Day and Monsarrat, Messrs. Lansing, Reynolds and Kellipio.

Dr. Monsarrat's report showed all the cattle received from three places on this Island affected with fluke liver.

Fish Inspector Kellipio's report showed 50,206 fish received during the week ending June 21st. Of this number 500 were condemned.

A communication from Dr. Weddick, Government physician at Kawaihau, Hanalei, on the Island of Kauai, asked that his resignation be accepted in order to allow him to fill a post at Ewa. Resignation accepted.

It seems that "they are after" Jack McVeigh's scalp. Another application for his position was received from H. S. Padgett. Placed on file.

A petition signed by about 150 prominent residents of Kona, asking that Dr. Lindley be retained as Government physician in his old position, was read. Action on petition deferred.

The matter of charges against C. T. Akana was postponed.

A petition from several lepers in the jail at Kalaupapa asked that they be pardoned. This was addressed to the Executive at first, but was presented to the Board of Health for suitable information. Referred to Mr. Meyer for a speedy reply.

The various tenders for supplies, thirty-nine in number, for the leper settlement were opened and placed on file for consideration at a special meeting to be held at 4 p. m. Friday.

Minister Cooper read letters from W. O. Smith, the substance of which has already been published in the columns of this paper.

Inspector Kellipio spoke of complaint on the part of some people regarding fish that have been kept on ice and then sold on the market. He wanted signs to be put up instructing people that such and such was iced fish. This being merely a matter of detail, Mr. Kellipio was given permission to do what he asked.

SATURDAY'S BALL GAME.

The Stars Ready and Willing to Play Under any Circumstances.

Between reports that the baseball game will not take place on Saturday and again that it will, the public is kept guessing whether to go to the ball grounds or Kapiolani Park. Harry Wilder, the catcher of the Stars, says the day rightfully belongs to the bikers, and he for one would rather forfeit the game than miss seeing the wheels go around. He believes they can afford to do it, and still win the pennant. If the game is played on Saturday it will be without him and Lishman, who rides in the events.

Duke McNichol, the coach of the Stars, says the game was postponed because the clubs were willing to help out the H. A. A. C. to the extent of not having any counter-attraction. So far as the Stars are concerned, they can play without either Lishman or Wilder, but the team would be weakened to that extent.

The Stars had to go in debt to buy bats, balls, gloves and masks, and they are anxious that when they play it shall be as large audiences as possible, so their receipts will be worth considering. He believes the crowd at the

game on Saturday will be small and it might be better to postpone until Wednesday.

So far as the statement in the Bulletin goes, to the effect that the Stars have an iron-bound contract to win every game, Mr. McNichol says they win on their merits and contracts are not necessary.

UNDER TWO FLAGS.

Work on Stage Effects Begun - Be Produced in Two Months.

Work was begun yesterday on the scenery and stage settings for the military drama, "Under Two Flags," to be performed by members and friends of Company B, N. G. H.

All the parts have been given out except two, and they will be placed in a few days. Bertie Cecil and Cigarette, the two leading characters, have been assigned to a gentleman and lady whose ability to portray them is already acknowledged.

It is expected that everything will be in readiness to stage the play about the middle of August.

ANOTHER POLICE ASSAULT

Former Member of Band Arrested for Blowing Whistle.

Punched by a Policeman and Held in Jail - Discharged on Trial.
May Bring Suit.

William M. Keogh, formerly a member of the Hawaiian Band, but at present engaged with a wholesale firm, was arrested Tuesday night and charged with being a common nuisance.

Mr. Keogh states that he called at the Merchant's Exchange about 11 o'clock on Tuesday night and remained with some friends for twenty-five minutes.

At this time some native policemen wanted to come inside to get a drink, but they were refused admission, owing to the lateness of the hour. When they insisted on coming inside, Emil Klemme, the bartender, stepped to the door and requested the officers to leave. Mr. Keogh was standing behind Klemme when the request was made, and a moment later he caught Klemme in his arms as he was struck by one of the men. Looking through the door he saw they were policemen in uniform. Keogh offered assistance, and acting on the request of Klemme, got a police whistle and went out through one of the King-street doors and blew it.

Officers responded, but instead of arresting the men who caused the trouble, two of them seized Keogh and took him to the station. He says he offered no resistance whatever, but before he reached Merchant street one policeman struck him twice on the head with his fist. Keogh was charged with being a common nuisance, and released on depositing \$100 cash bail. After hearing yesterday morning he was discharged.

In a conversation with an Advertiser reporter later in the day Mr. Keogh said it was merely one of the numerous brutal assaults for which the Hawaiian members of the force are becoming notorious, and that he would consult an attorney as to the advisability of prosecuting him. He claims that he was not under the influence of liquor, was not noisy, and had neither interfered with the officer nor resisted arrest.

FOURTH CELEBRATION IN HILO TOWN.

Powder Will be Burned for Both Nations.

BAD FIRE ON THE TUG ROVER.

Society Still Booming - Party for Miss Forbes - Relief Society Organized. Portuguese Will Have One of Their Own - Dr. Williams New House, Etc.

HILO (Hawaii), June 21.-Despite the continued wet weather the society circles of Hilo have not allowed the week to slip by quietly. During one pleasant day last week there was a happy gathering on Coconut Island.

On Thursday evening the Social Club met in the parlors of the Hilo Hotel for a few hours indulgence in dancing and there was a large crowd present and all had a good time.

On Friday evening Mr. and Mrs. Frank Winter entertained friends at dinner.

At the invitation of Miss Harriet Austin the young ladies of Hilo enjoyed a sociable afternoon on Saturday at the home of Judge and Mrs. S. L. Austin. It was announced that the affair should be a thimble bee, and although most of the young ladies came prepared to stitch, stitch, stitch, it is doubtful whether much was accomplished in that line of diversion. The busiest part of the day was spent over the chocolate cups and ice cream dishes. The affair was given in honor of Miss Hattie Forbes, who leaves today for her home in Honolulu after a year's residence in Hilo.

The regular monthly social of the First Foreign Church takes place at the home of Mr. and Mrs. L. Severance tomorrow evening.

Considerable enthusiasm has been aroused over the coming celebration of the Fourth of July, the day being a twice holiday in Hawaii. Public meetings have been held twice during the past week, and the leading committees reported their enthusiasm and encouragement over the progress made toward perfecting arrangements for the dual celebration. Owing to the nature of the occasion it has been decided to omit all literary exercises and invite all classes to participate in the festivities of the day. All sorts of sports have been suggested, but the program has not been perfected. The committee of arrangements consists of the following: J. R. Wilson, J. A. Scott, C. C. Kennedy, C. F. Cawley, F. J. McDonald, L. T. Grant, Wm. Vannatta, G. K. Wilder and W. A. Hardy.

F. M. Wakefield is chairman of the Finance Committee, with a coterie of assistants from the several adjacent districts. Messrs. E. B. Barthrop and Arthur Richardson and Dr. E. L. Hutchinson have been charged with arranging for a ball on the eve of the Fourth.

The nucleus of a new society has been forming for some time, and last Saturday evening the first regular meeting of the "Hilo Relief Society" was held at Fireman's Hall. Dr. C. H. Wetmore was elected president. The object of the society is to afford relief to the sick and needy of all nationalities, excepting the Portuguese, Chinese, Japanese and South Sea Islanders. In the original drafting of the by-laws Hawaiians were excluded from membership, but before accepting the by-laws, it was decided to include Hawaiians in the membership roll. And now there is talk among the Portuguese of organizing a society similar in motives to the "Hilo Relief Society," for giving assistance to the sick and destitute of their colony. The Chinese and Japanese look to the welfare of their own as a rule.

About 6:30 p. m. Friday the engineer of the tug Rover discovered the little steamer afire. She was in Reed's bay

at the time, and the engineer had left her but a few moments before, when on returning the deck was well ablaze. He telephoned to town at once for assistance, and after strenuous efforts to stay the flames, she was saved from entire destruction. The agent, E. E. Richards, was unable to say whether or not there was any insurance on the tug. She belongs to the owners of the Matson packet line of sailing vessels and has been used for several years for hauling scows to and from the vessels with sugar and freight, and for towing vessels in and out of the bay. All of the upper portion was burned, the hull alone being left.

Carpenters are busily engaged in erecting a pretty cottage on the premises of Robert Forrest, on the corner of School and Ponoahawai streets. It is intended to have it ready for occupancy by the first of August. Dr. Williams and bride, who are to be married on the 22d of next month, will make the place their home after their return from their wedding tour.

The last Kinau brought up a large number of passengers, including a number of Raymond & Whitcomb excursionists, the returning legislators, and several prominent business men of town.

Rev. C. W. Hill returned from Honolulu after a two weeks' stay at the metropolis, during which time he was in attendance at the convention of ministers held there. He occupied the pulpit of Central Union Church on several occasions, greatly to the interest of his hearers.

Mrs. J. P. Howatt and daughter Muriel were passengers on the Kinau. After a few days spent in Hilo they went to their Olua coffee ranch, with Mr. Howatt. They are newcomers in the district and will form a pleasant addition to the Olua settlers. Their claim is near the twenty-mile post. Mrs. Howatt is a sister to Thos. Wall of Wall Nichols Co., Honolulu.

The Rhoderick Dhu, Rock, master, was towed to sea by the Hawaii on Saturday morning. She had 38,748 bags of sugar aboard. Miss Perry of Papaikou was her only passenger.

MANOA VALLEY.

Hugo Fisher Completes an Island Picture - Exhibited Today.

The Fisher art collection at the Pacific Hardware Co. store yesterday drew out a number of the ultra-fashionables who wanted a view of the pictures before any could be sold and removed. Before 10 o'clock five of the choice bits were sold, and later in the day three more, but Mr. Torbert, who manages the display, makes the sales with the understanding that the pictures will not be moved until the exhibition is over. Among the buyers yesterday were Judge A. W. Carter, Ex-Judge Widemann, W. C. Peacock and Frank Hustace, the latter securing "American River, Near Chili Bar," one of the gems of the collection.

Mr. Fisher will finish a picture, in water colors, this morning, of "Manoa Valley." The view is a happy one, and at an hour in the day when the beauties of this picturesque old valley are at their grandest. The sketch was made some distance from the road and at a point opposite the Hopkins switch. The mountain at the left is partly in shadow, while the one on the Diamond Head side of the valley is partly hidden by a heavy cloud. Through a rift at the head of the valley the bright sun breaks through and sheds its light in a way that is wonderfully effective. Changing the colors from light green to deep purple in the shadows, and again in the opening at the mouth of the valley, it reflects on the yellow rice fields with an effect that is extremely natural. In the low lands in the distance stands a group of red-roofed houses surrounded by mango and kukui trees. In the foreground is a mass of reeds and some marsh water with limu on the top. To the right are a few weather-beaten, straggling banana plants, natural enough, and effectively placed. A number of visitors, including Mrs. W. G. Irwin, to Mr. Fisher's studio in the Williams gallery yesterday favorably commented on the painting. It will probably be placed on exhibition with the others this afternoon.
